Introducing the new alternative Utility Sink that will last forever! This sink is constructed out of quality 304 stainless steel, fully welded and double sealed to ensure many years of leak-free use!

This sink's features include:

- Removable counter top made from stainless steel and coated for durability, easily stores under the sink basin.
- Fully Welded sink basin, double sealed to ensure leak protection.
- Adjustable bottom shelf, storing anything under the sink is a breeze as the shelf adjusts to fit most items
- All sinks feature a right drain and we include 2 faucet holes along with hole covers.

All of our utility sinks are made right here in the USA out of 304 grade stainless steel.
