

48" WALK THROUGH BATHING TUB

Model:
GB48WT-R
GB48WT-L
GB48WT-C

This best-seller features all the conveniences today's groomers want and need.

The tub is constructed of 304 stainless steel, strategically welded and double-sealed to ensure a lifetime of heavy use. Our Lift & Slide ramp allows animals easy access and smoothly slides away underneath the tub for your convenience. It features a high backsplash and side walls to protect against splashing and shaken water.

Plumbing kit and other accessories are available!

- Faucet holes and the drain are available on the left, right, or center. The ramp is located on the opposite side of the drain.
- The drain hole is 3 1/2" in diameter and is centered from front to back in the tub, placing its center 12" from both the front and back, and 7 1/2" from the side of the tub.
- There are three faucet holes, each 1" in diameter and spaced 4" on center. They are positioned 18" above the bottom of the tub basin, or approximately 39" from the floor.
- Measured from the backplash, the center of the first hole is 5" in, the middle hole is 9" in, and the last hole is 13" in.
