Groomer's Best ADA-Compliant Elite Bathing Tub System offers all the features today's groomers want and need. This tub is 5" deep and built with taller legs to provide easy access for individuals in wheelchairs. The faucet and sprayer are lowered for convenient reach, and restraints have been added to the front of the tub for easy latching. Perfect for animals of all sizes, it features our Lift & Slide ramp, which provides easy access for pets and conveniently slides underneath the tub when not in use. The tub is fully welded for durability and includes a removable door and built-in animal restraints.

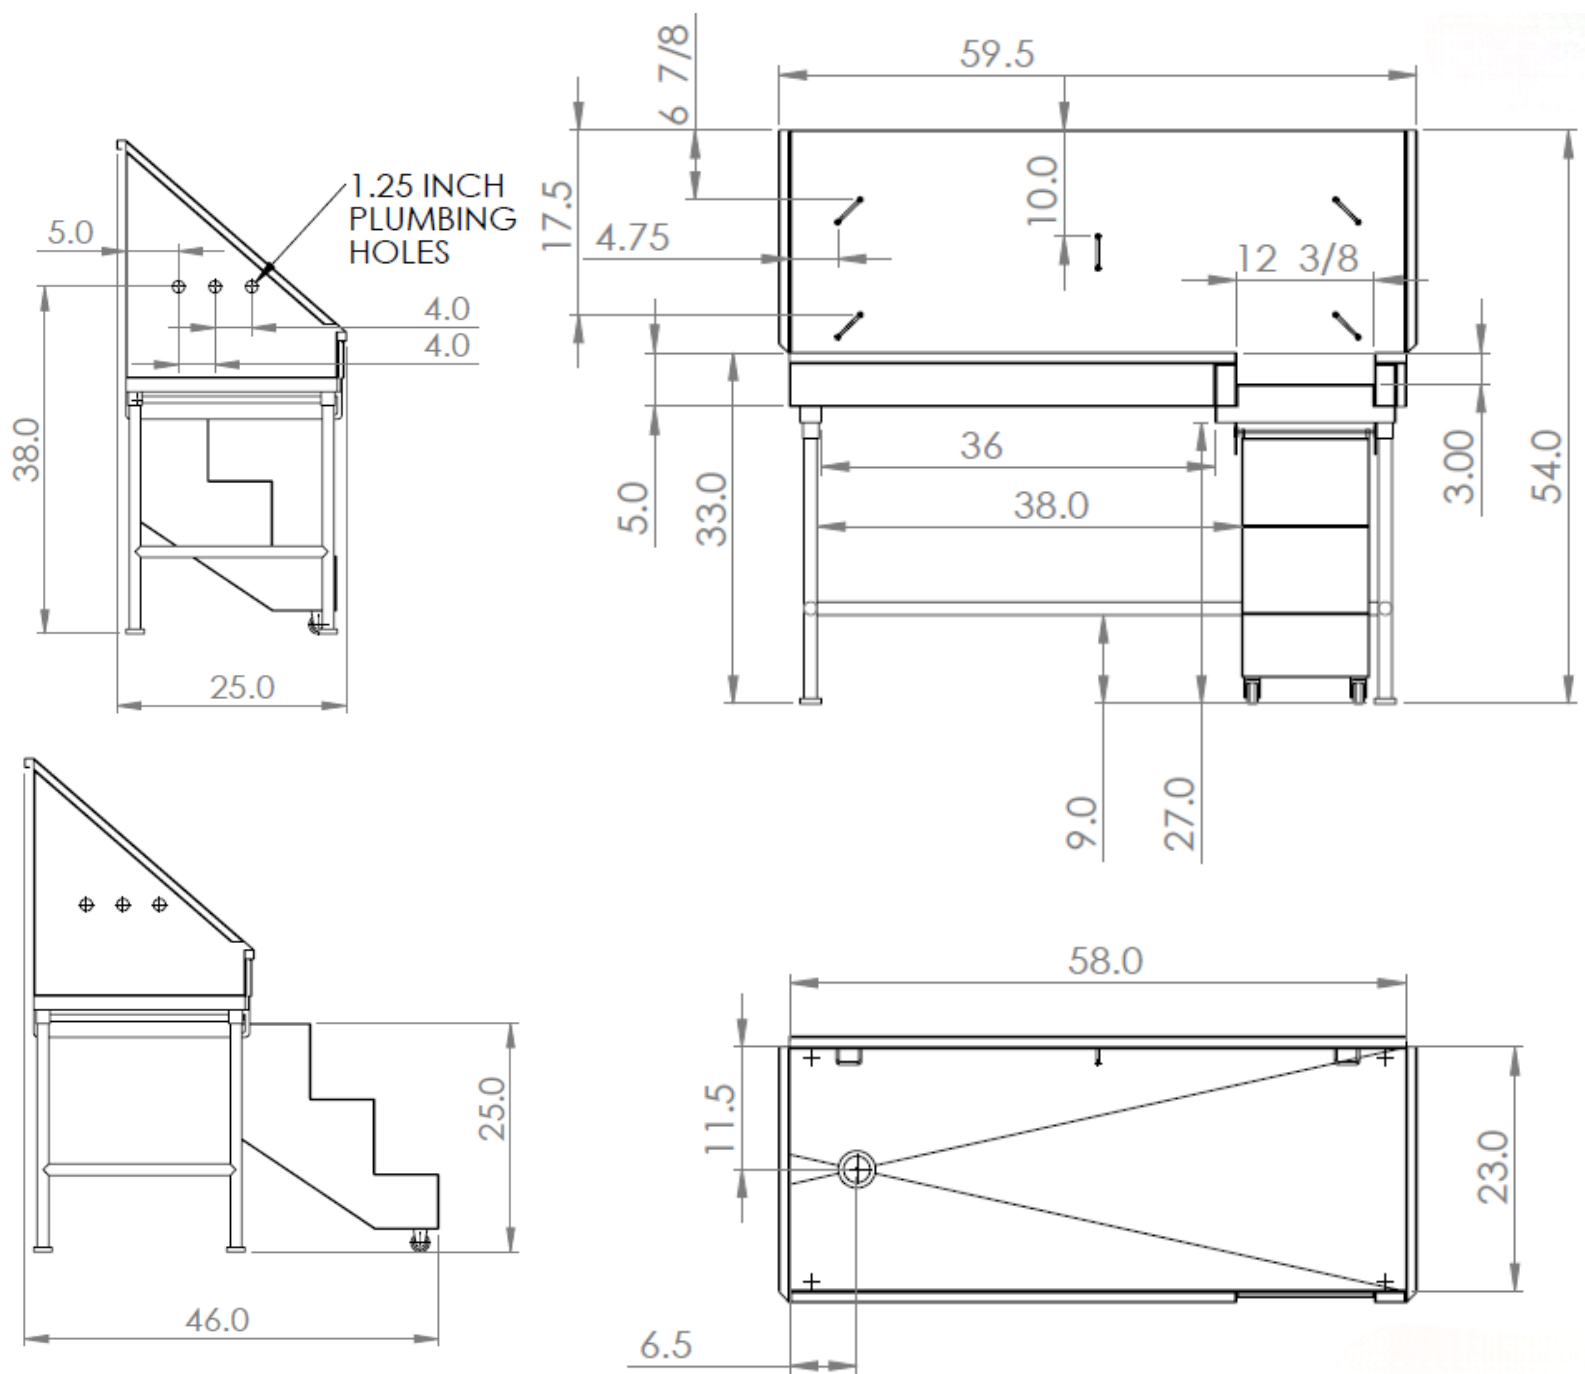

Specify right, left, or center plumbing. Raised floor grates, plumbing kit, and accessories available.
